MESSAGE

It is my pleasure to present "National Health Profile 2013", the annual publication of the Central Bureau of Health Intelligence. The Publication provides the latest data on all major health sector-related indicators in a comprehensive manner. In addition, it also gives an insight into the work of CBHI and its collaboration with World Health Organization for implementation of Family of International Classification in India and South-East Asia.

I take this opportunity to congratulate all stakeholders involved, especially the team of the Central Bureau of Health Intelligence, for their painstakingly meticulous work in compiling such a huge database which will act as a useful reference document for policy makers, program managers, Planning Commission and public health specialists.

(Lov Verma)
